

1 **(April 1, 2002)**

2 **Health Hazards**

3 Section 1-07.4(2) is revised to read:

4
5 The requirements of this provision apply to the following:

6
7 *** \$1\$ ***

8 This project site is known for occupation by transients and is known to contain
9 biological hazards and associated physical hazards. The worksite may include
10 materials and wastes associated with transients, drug users, or litter, that pose
11 physical or biological safety and health hazard or both. These may include, but not
12 be limited to, violent and dangerous individuals (physical hazard), hypodermic
13 needles, food, garbage, clothing, bedding, broken glass, human and animal
14 excrement, drug paraphernalia, makeshift dwellings, birds, bats, and rodents, and
15 other hazards.

16
17 **Health and Safety Requirements**

18 The Contractor shall communicate with the Project Engineer to ensure a
19 coordinated effort for providing and maintaining a safe worksite for both the
20 Contracting Agency's and Contractor's workers.

21
22 **Construction Requirements**

23 The Contractor shall be responsible for the sanitation measures required to provide
24 and maintain a safe and healthful jobsite for the duration of the project in
25 accordance with all applicable laws and this Special Provision.

26
27 **Site Maintenance for Biological and Physical Hazards**

28 An initial cleanup of the site, including all preparatory work required to make
29 the worksite sanitary and safe in accordance with applicable laws, shall be
30 completed to address all biological and associated physical hazards present.
31 Necessary worker training, on and off site preparations, and safety equipment
32 shall be provided by the Contractor to complete the initial cleanup and disposal
33 of the biological and associated physical hazards.

34
35 **Periodic Site Maintenance**

36 If the worksite becomes unsanitary or unsafe due to biological and associated
37 physical hazards after initial maintenance work activities, and additional
38 maintenance becomes necessary, the additional costs will be paid under the
39 item "FA-Periodic Site Maint. For Bio. And Physical Hazards".

40
41 The nature and frequency of these site maintenance activities will be as
42 agreed to by the Project Engineer. Periodic Site Maintenance may include the
43 use of fencing, lighting, or security, provided it is approved in advance by the
44 Project Engineer. Items included for payment elsewhere in the contract are
45 exempted from this force account item. Work performed without Project
46 Engineer consent will not be eligible for force account payment.

47
48 **Payment**

49 Payment will be made in accordance with Section 1-04.1, for the following bid
50 items:

51
52 "Site Maint. For Bio. And Physical Hazards", lump sum.

1
2 The lump sum contract price for "Site Maint. For Bio. And Physical Hazards"
3 shall be full pay for work to perform the site maintenance for biological and
4 physical hazards as specified, and all other related work as required by law,
5 except for work included for payment as periodic site maintenance.
6
7 "FA-Periodic Site Maint. For Bio. And Physical Hazards", by force account as
8 provided in Section 1-09.6.
9
10 For the purpose of providing a common proposal for all bidders, the
11 Contracting Agency has entered an amount for the item "FA-Periodic Site
12 Maint. For Bio. And Physical Hazards" in the bid proposal to become a part of
13 the total bid by the Contractor.
